

# Become a supplier

## Infrastructure | Strategy Office Engineering and Safety Services

@ Deutsche Bahn

# Product area: Infrastructure

Divided into 5 different technology fields (strategy offices)

Building construction, structural engineering

Electrical engineering

Super-structure

Engineering and safety services

Digital infrastructure

# SO Engineering and safety services

## Our product group 8-digit codes for architect and engineering services

### 41201 Planning of technical building equipment

41201 000 Planning of technical building equipment

### 41202 Construction planning services

41202 100 Feasibility study

41202 200 Structural and structural engineering planning for civil engineering structures

41202 210 Building planning (except building services and fire protection)

41202 220 Environmental planning (UVS, LBP, outdoor facilities)

41202 240 Traffic facilities (property planning)

41202 270 Noise protection planning (active, passive, vibration protection)

41202 500 Valuation

41202 510 Expert opinions (excluding valuation)

41202 540 Hydrology, groundwater monitoring

41202 550 Building ground, geotechnics

41202 560 Fire protection concepts

41202 600 Surveying

41202 700 Engineering services for land acquisition

### 41203 Construction supervision

41203 100 Construction supervision

41203 200 Construction supervision of railway equipment

### 41204 Planning of telecommunications systems

41204 000 Planning of telecommunications systems

### 41207 Planning LST

41207 100 Planning LST

41207 300 Plan review LST

41207 600 Acceptance inspection LST

41207 800 Expert services

### 41208 Planning overhead line systems

41208 000 Planning 15 KV standard, overhead line systems

### 41209 Project management

41209 100 Project management (without LST / electrical engineering)

41209 200 Project management LST and electrical engineering

### 41210 Planning of electrical engineering systems

41210 300 Planning of general electrical engineering systems

41210 500 Planning of traction power lines

Prequalification (PQ) is required for the product groups marked in red.

# Framework agreements for architectural and engineering services

## 41201 Planning of technical building equipment

41201 000 Planning of technical building equipment

## 41210 Planning of electrical engineering systems

41210 300 Planning of general electrical engineering systems  
41210 500 Planning of traction power lines

Framework agreements exist for the product groups marked in blue.

# SO Engineering and security services

## Our 8-digit product group codes for security services

### 41512 Safety services

- 41512 100 Security services (Sipo + Sakra)
- 41512 200 Automatic warning system
- 41512 300 Fixed barriers
- 41512 400 Mobile warning systems

### 41513 System procurement ATWS/FA

- 41513 200 System procurement Automatic warning systems
- 41513 300 System procurement Fixed barriers
- 41513 400 System procurement Mobile warning systems
- 41513 500 System procurement Mobsi

### 41514 Construction-related services

- 41514 200 Level crossing safety (BÜP, Mobsi)
- 41514 300 Railway signalman and switch operator
- 41514 400 Railway operation assistants
- 41514 500 Signalling
- 41514 700 Traffic safety (StVG, StVO, RSA)

Prequalification (PQ) is required for the product groups marked in red.

Framework agreements exist for the product groups marked in blue.

# Our prequalification process is simple and supported by our central supplier management tool, SMaRT.

1 | Registration

2 | General assessment

2 | In-depth analysis

Infrastructure

- Register your company and your available product groups in **SMaRT**<sup>1</sup>
- Receive information when prequalification is required

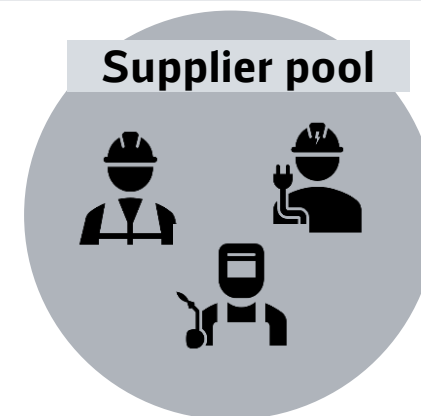

Fill out a basic questionnaire with your

- Technical knowledge
- performance
- Reasons for exclusion

After passing the initial assessment, submit suitable reference projects that meet our minimum criteria

(1) Supplier Management and Rating Tool

Source: IPO Asia & Infrastructure Qualification Department

# The prequalification process is beneficial for both our suppliers and Deutsche Bahn

**Prequalification takes place every two years, prior to and independently of tenders**

**Shorter tendering process**

**Fully digital and interactive via SMaRT<sup>1</sup>**

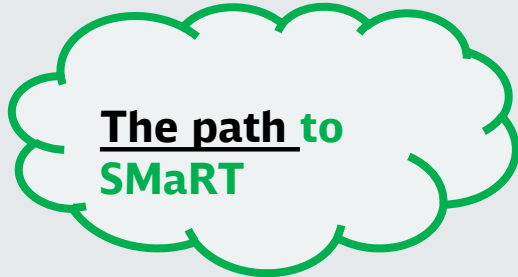

**All process documents are digital and transparent in our supplier portal**

(1) Supplier Management and Rating Tool

# SMaRT – Your business card & our supplier management tool

For transparency & collaboration as well as the start & completion of a PQ process

The path to  
SMaRT

**Manage your  
own documents**

**Keep your company  
profile up to date**

**Supplier Management  
and Rating Tool**

**Monitor progress**

**Reach out to us**

# eProcurement – Our tendering portal for viewing all our EU-wide publications and necessary for participating in tendering processes

**How to access the  
tendering portal**

The screenshot shows the registration page for the DB tendering portal. At the top left is the DB logo. Below it is a breadcrumb trail: Home > Registrieren. The main heading is 'Registrieren'. A progress indicator shows four steps: 1. Logindaten, 2. Adressdaten, 3. Erklärung, and 4. Registrierung abschließen. The first step, 'Logindaten', is active. The form contains the following fields:

- Firmenlogin \* (0 / 50)
- Benutzerlogin \* (0 / 250)
- Vorname \* (0 / 50)
- Nachname \* (0 / 50)
- E-Mail \* (0 / 255)
- Geben Sie die E-Mail erneut ein \* (0 / 255)
- Passwort \* (0 / 50)
- Passwort erneut eingeben \* (0 / 50)
- Einladungscode

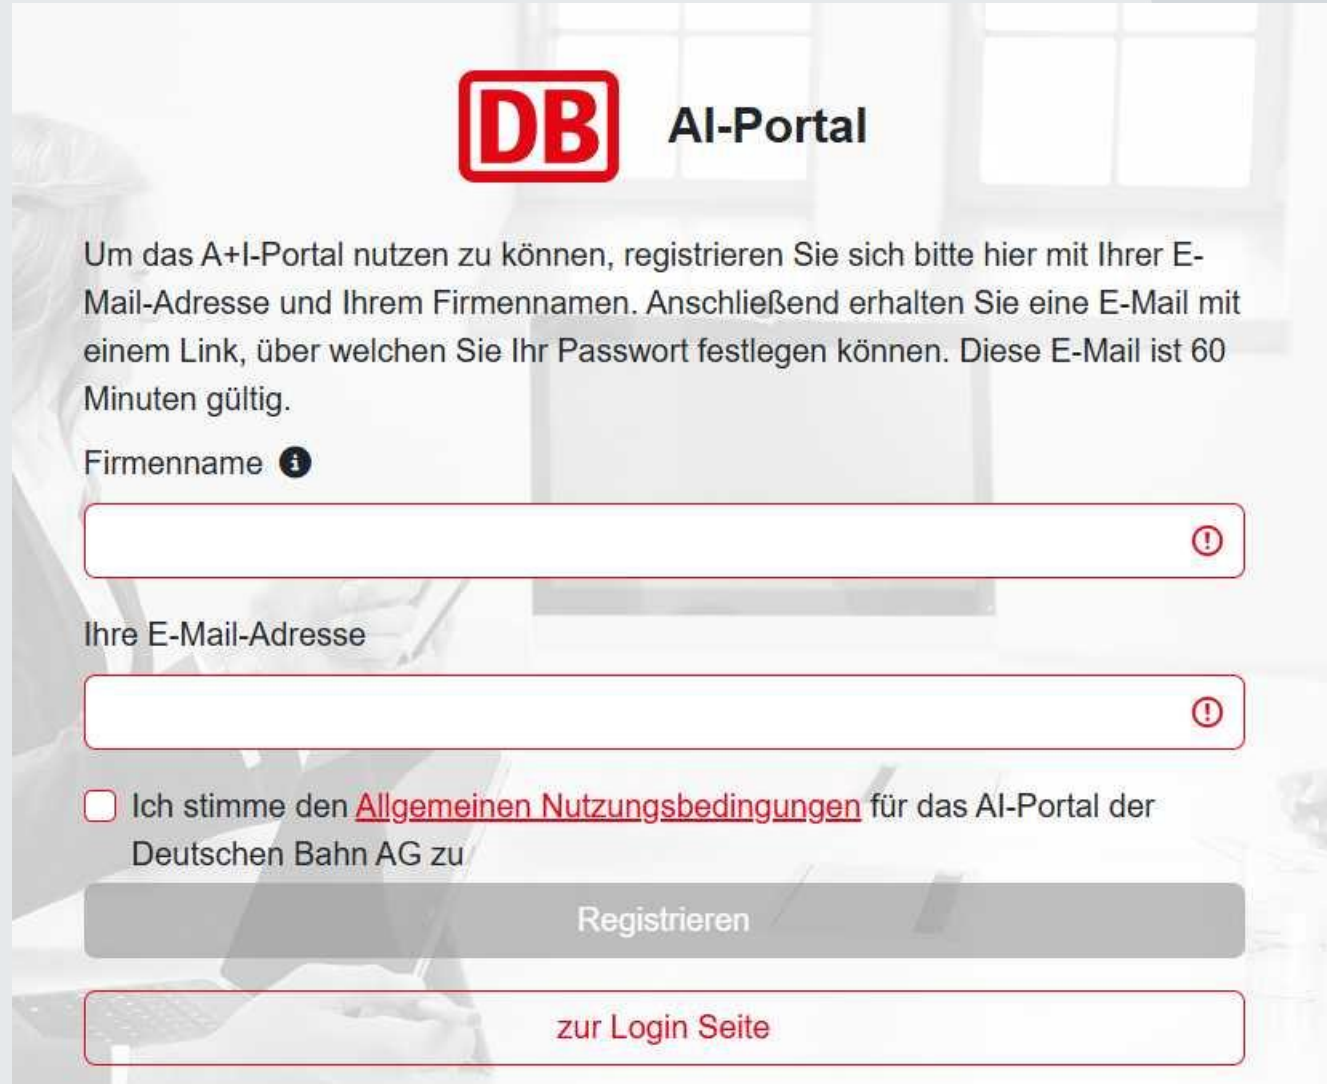

At the bottom, there are two checkboxes for terms and conditions:

- Ich habe die [Datenschutzbestimmungen](#) gelesen und bestätige diese \*
- Ich habe die [Nutzungsbedingungen](#) gelesen und stimme diesen zu \*

# AI portal – support for quotations for calculating architectural and engineering services

**How to access the AI portal**

The screenshot shows the registration page for the DB AI-Portal. At the top right is the DB logo and the text 'AI-Portal'. Below this is a paragraph of text explaining the registration process: 'Um das A+I-Portal nutzen zu können, registrieren Sie sich bitte hier mit Ihrer E-Mail-Adresse und Ihrem Firmennamen. Anschließend erhalten Sie eine E-Mail mit einem Link, über welchen Sie Ihr Passwort festlegen können. Diese E-Mail ist 60 Minuten gültig.' There are two input fields: 'Firmenname' with an information icon and 'Ihre E-Mail-Adresse', both with red exclamation mark icons. Below the fields is a checkbox for 'Ich stimme den Allgemeinen Nutzungsbedingungen für das AI-Portal der Deutschen Bahn AG zu'. At the bottom are two buttons: 'Registrieren' and 'zur Login Seite'.

**DB** AI-Portal

Um das A+I-Portal nutzen zu können, registrieren Sie sich bitte hier mit Ihrer E-Mail-Adresse und Ihrem Firmennamen. Anschließend erhalten Sie eine E-Mail mit einem Link, über welchen Sie Ihr Passwort festlegen können. Diese E-Mail ist 60 Minuten gültig.
